

Dear Parents, Carers and Children,

We hope you are staying safe and enjoying your time together at home. We have been enjoying receiving photos of work/activities from some of you, but we would love to receive more. The Year 5 email address is at the bottom of this letter if you would like to join in the fun!

We understand that it is a very tough time at the moment and lots of you may be finding it very difficult to understand and comprehend what's going on in the world right now. That is why we are not expecting any of you to complete the activities that we provide, but it is extremely important to try and keep some structure and routine, so we recommend doing something every day, for example, reading and times tables practice.

Just a reminder to access the Zones of Regulations that Mrs Swain added to the school website. This should help you to regulate your feelings and emotions. We definitely recommend this if you are finding things difficult at the moment.

Overview of activities

We have put together some work packs for you to access. They are slightly different this time as we would like to provide some online lessons. Please only access the lessons provided as each week, we will ask you to complete different units of work so we don't want this duplicated.

- Maths for the next two weeks will be about translating shapes. There are 10 online sessions available for this which includes worksheets, quizzes and videos. Please complete one session per day for the next two weeks.
