### Can you find the teddy?

We would like you play the game 'Hide the teddy'. This game will help your child to develop their language of position and where something is hidden. All you need to do is hide the teddy and let your child find it and explain where it is.

Here are some questions to ask your child:

- Where did you find the teddy? (*under, on, behind, at the side, inside, next to, to the left, to the right, above, below*)
- Can you hide the teddy and describe where it is so I can find it?
- What other position words can you name? Have you heard of these ones? (*on, off, beside, inside, outside, beneath, in between, through, up, down*)
- Why do we need to learn position words? How do they help us?

Dear Parents,
