

6<sup>th</sup> July

Dear Parents, Carers and Children,

We hope you are staying safe and enjoying your time together at home. We miss you all very much and can't wait to see you again. We have been enjoying receiving photos of work/activities from some of you, but we would love to receive more. The Year 5 email address is at the bottom of this letter if you would like to join in the fun!

In addition to providing the Oak Academy lessons, we are also sending out another learning pack today so we hope you have plenty of work to keep your mind active. Although it isn't compulsory to complete these activities, we highly recommend completing some daily so that you can keep routine and stay busy.

The work is outlined on the next page. I have tried to give a lesson per day where possible.

Just a reminder to access the Zones of Regulations that Mrs Swain added to the school website. This should help you to regulate your feelings and emotions. We definitely recommend this if you are finding things difficult at the moment.

If you have any questions, please email us on [year5@lower-farm.walsall.sch.uk](mailto:year5@lower-farm.walsall.sch.uk)

Miss Wright and Mr Bourne

## Overview of activities

We will continue to provide the Oak Academy online lessons moving forwards so we hope you enjoyed accessing them last week.

- Maths is about 2D and 3D shapes. There is a link for each day below:
  - Monday - <https://classroom.thenational.academy/lessons/to-identify-describe-and-classify-shapes-based-on-the-properties>
  - Tuesday - <https://classroom.thenational.academy/lessons/to-identify-describe-and-classify-shapes-based-on-the-properties-6537fa>
  - Wednesday - <https://classroom.thenational.academy/lessons/to-identify-regular-and-irregular-polygons-by-reasoning-about-equal-side>
  - Thursday - <https://classroom.thenational.academy/lessons/to-identify-describe-and-classify-triangles>
  - Friday - <https://classroom.thenational.academy/lessons/to-describe-the-properties-of-quadrilaterals>
