Dear parents and carers,

From now on, to reduce the amount of paper going to and from school and to develop engagement with spelling, we will be using an online resource called 'spellzone'.

Your child should be returning home with a username and password to gain access to their account and find the tasks set by their teacher. The website is: www.spellzone.com

When you log on you will find your child's tasks set by their teacher on the 'my tasks' tab. The spellings that you find in there will be the words that your child is tested on in school on their given day. Please ask your teacher if you are unsure what day this is.

On 'spellzone' there are a range of games for your child to play. There are also a huge range of word lists to learn if they would like to, in addition to the 'official' word list set by the teacher each week.

Your teacher will be able to see how much time you have spent engaging with the website and will reward children accordingly.

Please spend some time looking through the website and using it as much as possible to develop your child's spelling and vocabulary.

If you do not have access to an electronic device and therefore cannot complete homework set, please let your teacher know and they will find a different way for you to receive the spellings.

It is compulsory for all children to practice spelling at home in order to pass spelling tests in school.

Any questions, please ask your class teacher via email or class dojo.

Thank you for your continued support,

Miss Haynes

English co-ordinator.
